10KV three-core outdoor termination

It is applicable to 3.6/6, 6/10, 8.7/10,8.7/15kv 3 core PVC and XLPE power cable with characteristics of waterproof, stress control, shielding and insulation. With good electrical and mechanical properties, it can be used in a variety of harsh environment for long-term use. It has advantages of small size, light weight and easy installation. It is widely used in electric power, petroleum, chemical industry, metallurgy, railway, port and construction and other fields.

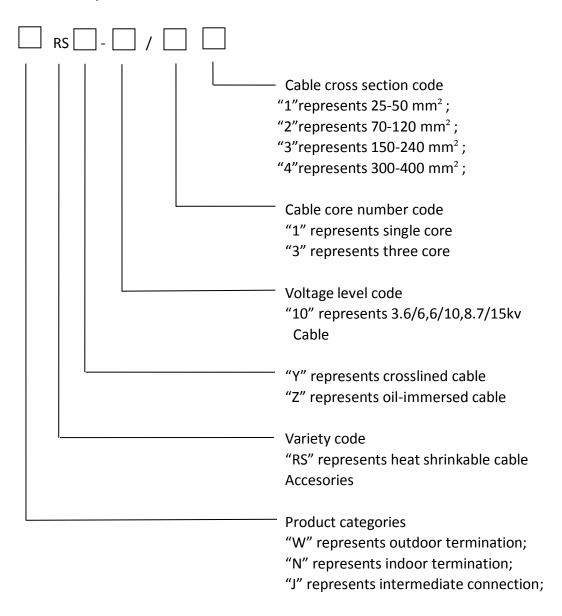

Product

Specification

| Product Name | Model | Cable cross section(mm ²) |
|-----------------|-------------|---------------------------------------|
| 10KV three-core | WRSY-10/3.1 | 25-50 |
| outdoor | WRSY-10/3.2 | 70-120 |
| termination | WRSY-10/3.3 | 150-240 |
| | WRSY-10/3.4 | 300-400 |
